WILSON AND SENATE LEADERS IN CLASH

President Asked To Lay Bare Secrets Of Conference

Washington, July 14.—Upon the question of the right of the President to keep locked within his own mind all the secret history of the peace conference has arisen the first clash between the administration and the Senate Foreign Relations Committee.

A majority of the committee today demanded all the information in the President's possession about these three subjects:

First—Why was the award of the Shantung Peninsula to Japan made, and is it true that Secretary Lansing, General Bliss and Henry White protested on behalf of the American delegation at Paris against it?

Second—Is it true that Japan entered into a secret treaty with Germany for the partition of Russia, and what were the real relations between Japan and Germany during the war?

Third—Why is Nicaragua permitted to invade Costa Rica, and why was Costa Rica not permitted to sign the peace treaty at Versailles?

Demand Record of Meetings.

The committee has under consideration a resolution by Senator Johnson of California, demanding the full stenographic record of the meetings of the Big Five and the other commissioners at which the League of Nations was considered and agreed upon. This resolution probably will be adopted by the committee tomorrow.

This controversy practically consumed all the time of the committee this morning. Administration Senators, apparently reflecting the President's own position in the matter, stubbornly opposed all the attempts adopted by the Republican majority to have the veil of secrecy torn aside that the committee might know the inside history of all the peace conference transactions.

The position taken by the Democratic members of the committee is that the committee has no right to inquire into any of the reasons which led to the adoption of specific provisions in the treaty. They contend that such information in the possession of the President is confidential and should not be inquired into.

The Republicans contend that the President went to Paris as a delegate from the United States to the peace conference and that the Foreign Relations Committee is not bound to respect any confidence that may exist between him and other parties to the conference. They assert the constitutional right of the committee to inquire into the reasons for any provision in the treaty regarding which they may desire information.

The majority members of the committee emphasized their belief in the soundness of this view by passing the LaFollette resolution regarding Costa Rica, the Lodge resolution asking for the truth about the alleged secret treaty between Japan and Germany and the Borah resolution inquiring about the reported protests of three members of the American peace delegation against the Shantung peace.

The vote on the Borah resolution was 9 to 4, and on the Lodge resolution 13 to 2. Senators Hitchcock and Swanson, leaders of the administration, voted for the league, voting "no."

Position of Republicans.

Senator Johnson commented upon the situation in the committee in the following language:

"There is a fundamental difference between the Democrats and the Republicans on the committee. The Democrats take the position that anything which transpired at the peace conference leading up to the adoption of the treaty is confidential and that the President should not be asked to tell about it. The majority of the workers which has halted much of the committee declare that there can be no question of confidence between the and which the leader of the strikers declare is spreading rapidly. The main points at issue are an eight-hour day and the 'closed shop.' Both the shipping board and the private committee has the right to know everything that owners have offered material wage that went on there between him and the increases."

Capt. Ferris estimated that 186 the prisoner cut his throat with a steampship operated by the board of state, and attorney general, made a have been tied up by the strike. The similar comment, holding that the number of privately owned boats held in port by the strike is not known, but union leaders claim that 400 men are involved.

STARVED AND BEATEN IN ARMIES' PRISONS

Brutal Assaults Made By Arrogant Officers—No Provocation

Washington, July 15.—Six former American soldiers testifying today before a special House committee investigating alleged cruelties to military prisoners in France declared that merciless assaults were committed without provocation on the prisoners by arrogant officers in charge of the prisons and camps. Only one of the witnesses, all of whom were charged with being absent without leave, was convicted, the others having been acquitted or the charge dismissed.

"The Bastile," "the Stockade," "Prison Farm No. 2" and "Stann's Hotel," also known as the "brig," were the places named by the witnesses as the scene of the alleged cruelties, which were said to have extended over several months in 1918. Some of the officers in charge of the prison camps, it was said, had been convicted by court martials and others were awaiting trial.

Reversal Of Policy.

This statement from the President was regarded by some of the anti-league Senators as a reversal of policy on the part of the President and caused keen disappointment to several of the Senators who had hoped to be able to ask the President some questions.

Senator Knox indicated that the committee will refuse to go to the White House for the reason that it would be undignified for the committee "to go around to the back door of the White House seeking information."

HUNS TO MAKE PLEA

Allies Expect Germany To Ask For Kaiser's Return

Berlin, July—The Tageblatt says it

learns the allied and associated powers will not ask Holland to give up former emperor William for trial, but will request Germany to demand from Holland that he be delivered up. Some procedure, the newspaper adds, will be taken in regard to the German statesmen who fled to neutral countries. It says 167 persons will be asked for, including several U-boat commanders and Dr. Von Bethmann-Holweg and the former imperial chancellor, Dr. Alfred Zimmermann, ex-foreign minister and Dr. Karl Helfrich, former secretary of interior and vice chancellor.

Vienna Wants Information

Vienna, July 14.—The allied and associated powers, according to Vienna newspapers, will demand the extradition of Count Leopold von Berchtold and Count Czernin, both former Austrian-Hungarian foreign ministers. This is for the purpose of ascertaining to what extent the prolongation of the war was due to their policies.

CHRISTIAN BIBLE SCHOOL ASSOCIATION

The Ohio County, Christian Bible School Association will convene here to-day. An interesting program has been arranged for this session which commences at 9:30 A. M. State worker, Charles Darsie, will be present. Mr. Jas. H. Williams is chairman of the association and will preside.

COAST STRIKE IS GROWING SERIOUS

New York, July 15.—Capt. Frank S. Ferris, managing agent for the United States Shipping Board in this city, to-day characterized as a "serious" the strike of Marine men, which has halted much of the committee declare that there can be coastwise traffic through this port, no question of confidence between the and which the leader of the strikers declare is spreading rapidly. The quarters troops 2nd Army, said whenever "there was a formation, a man was beaten up every five minutes" at the prison farm. He and Boggs said

"Medical inspection was a farce," said Bates, referring to the farm. "You went in one door and were kicked out another."

Gerge L. Pallitto, 315 Walnut st.,

Newark, N. J., private in Company M, 113th Infantry, 29 Division, testified that he became known as a "nut patient" after he had said that he did not like a nurse."

Pallitto also told of many cruelties in the prisons in France, and admitted that he was absent without leave, for which he was sentenced. The others said similar charges against them resulted when they were trying to reach their units, and they were acquitted or the charge dismissed.

LINCOLN'S CHAIR ENTERS INTO MARITAL DISPUTE

Springfield, Ill., July 12.—George B. Lloyd owns Abraham Lincoln's old chair, made and presented to the latter by an ardent friend and hunter, a jury in the Circuit Court declares. They settled a dispute between Lloyd and his wife when the latter claimed the chair fashioned out of elk horns, following a separation. Lincoln gave the prized article to his son, who gave it to Lloyd, and when the Lloyds agreed to disagree in the matter of marital happiness a wrangle over its possession developed. The foregoing court action followed.

LADY MACCABEES

A review of 20 charter members of the Woman's Benefit Association of the Maccabees has been successfully organized at McHenry, Ky., by Mrs. Loia F. Eastham, of Somerset, State Commander, assisted by Mrs. Eva L. Bennett, of Hartford.

Mrs. Eastham was honor guest of Hartfod Review No. 42 at their meeting on last Thursday and gave an interesting talk on the good of the order, to a large and enthusiastic bunch of members.

Mrs. Eastham is a woman whose efficiency as an organizer and worker, coupled with those sterling qualities of a model Christian woman, places her in the very front rank as one of the order's most valued and trusted officials. We welcome her to our city at any time.

WILSON'S VETO HOLDS

Daylight Bill Lacks 23 Voters Of
Passage Over Veto.

Washington, July 14.—Repeal of the daylight savings law became a dead issue for the present, at least, by the failure of the house today to pass the agricultural bill over President Wilson's veto. The vote was 247 to 135, proponents of repeal mustering twenty-three votes less than the required two-thirds majority.

The agricultural bill will be passed with the repeal rider eliminated and it was said that no effort would be made to pass the repeal measure as a separate bill, as it undoubtedly would be vetoed by the president.

"Did you get that officer's name?" asked Representative Flood, Democrat, Virginia.

"I'm too sorry I did not take his name," answered Mendeburg.

When telling of poor food, Mendeburg said that "if you asked for an extra piece of bread you were flat on your back." Meals, he and others said, consisted of a stew, made from canned beef, one slice of bread and part of a cup of coffee. Sometimes only the stew was served.

Charles Goldberg, 320 Central Park West, N. Y. City, a corporal in Company G, 38th Infantry, 3rd Division, said that while at the "Brig" he was knocked down by an officer and one of his teeth knocked out when he refused to surrender his money belt. Drawing a blackjack, the officer and Goldberg fought a few minutes but the witness said he was forced to surrender because of the pain he suffered from blows on the arms.

Paul Boggs, Baldwin, N. Y. 318th Field Signal Battalion, said men at the farm were often so hungry that they were "glad to eat dirty potato peelings." He said that he dipped a tin cup in a swill barrel so as to get some grease that he would eat "with a relish."

"Instead of giving a command, it was generally given with a club," asserted Boggs, who said he saw at least fifty men beaten.

Alvin Bates, 42 Hawthorne street, Brooklyn, who was with the headquarters troops 2nd Army, said whenever "there was a formation, a man was beaten up every five minutes" at the prison farm. He and Boggs said

"Medical inspection was a farce," said Bates, referring to the farm. "You went in one door and were kicked out another."

MORAL STANDARDS LOWERED BY WAR

Never Again Look For Vic torian Ideal, London Press Is Told

London, July 12—Considerable space and comment is being taken in the London press regarding the "lowered standard of morals" caused by the war. Recently the Daily Mail printed a symposium of views on the matter:

Mr. Justice Darling said: "In nothing has the war done more harm than in the relaxation on the part of women. This has now reached a point that can be seen in a walk along the street. Women differ by the width of Heaven from what their mothers were."

Mr. Justice Darling's views were widely discussed yesterday. "We must never again expect to have Victorian respectability," said Dr. Mary Scharlieb. "The daughter lives today in a very different world from that in which her mother existed. She is surrounded by far more temptations. The telephone, the motor car, the general speeding up of life, all tend in one direction morally."

"I do not see any immediate prospect of the present, let us call it, lightness passing off. Fundamentally it is the logical outcome of women becoming independent economically and, in a lesser degree, politically. A girl is meeting men more on an equality, and that is telling both ways. But I would not say that she compares badly with her mother."

"It is no use ever expecting a revival of parental control among the masses. The girl will henceforth control herself. I would say further that Mr. Justice Darling has probably uttered his dictum as a result of a walk down the Strand. But let us cease to compare ourselves with the Victorians. We are worse—and better."

"Why" said Lady Muir-Mackenzie, "doesn't Mr. Justice Darling confine his remarks to men? I am tired of men laying down the law for women. The open, unrestrained pleasure quest of to-day is far less harmful morally than the hidden, secret quest of yesterday of the Victorians. You can not judge life by what you see on the surface. In any case, I always look on the views of a judge as warped."

Away From Prudery.

"I think" said Mrs. Clara Butt, "we are getting away from that awful prudery—false, half the time—by getting used to seeing beauty for beauty's sake—not for any other motive."

"What Mr. Justice Darling says is only too true," was the view expressed at a famous women's association. "The war has entirely changed the former reserved attitude of young women toward the opposite sex. Much of the present laxity is unquestionably due to young girls taking drink. Everyone is far too over-excited nowadays for any decent moral tone to win through. If things go on as they are at present—well, the width of another place than Heaven will separate the women of to-day bad as they are as a whole, from the daughters of to-morrow."

3,000,000 DISCHARGED
FROM ARMY BY JULY 16

Washington, July 14.—Demobilization is proceeding at a rate of more than 10,000 men per day and the total should pass the 3,000,000 mark on or before July 16. A War Department report to-day showed 2,847,686 officers and men discharged, with some camps yet to be heard from. Enlistments have begun to show the impetus of the department's advertising campaign. The total is now 75,000, returns from July 5 to 12 having been more than 20,000.

PYTHIANS VISITED BY GRAND LODGE OFFICERS

The Local Lodge, Knights of Pythias was visited by Grand Chancellor Commander, Jno. J. Howe, and Grand Keeper of Records and Seal, J. W. Carter, at its regular session, Tuesday night. Quite a large number were in attendance. Three candidates were proven in the rank of esquire. Officers elect were installed by the Grand Chancellor, being the first time Rough River Lodge has thus been honored. An enjoyable evening was pleasantly and profitably spent by those present.

DEATH AND DISASTER
IN TORNADO'S WAKE

Valparaiso, Chile, July 15—Eighty-seven persons are known to have been drowned, and the loss of life may have been much greater, in a hurricane which swept this port Saturday and Sunday.

Fourteen vessels of various sizes were sunk and about a hundred lighters and other small craft were destroyed. The property loss is estimated at \$70,000,000.

Among the steamers lost were the purposes.

Don Carlos, 1,114 net tonnage; Toro, 76 tons; the tug Gordilla, 107 tons; two old hulls; Lima, 2,390 tons; the Lontue and the Likata.

The German steamer Sais, which was washed ashore and pounded to pieces, lost ten of its crew.

Seven other vessels, including the steamer Tanis, of 6,000 tons, were reported lost in dispatches received Saturday and yesterday.

COMMISSIONER WILEY'S FEDERAL ROAD REPORT

Rodman Wiley, commissioner of public roads, in his report on the proposed Bowling Green Owensboro Federal Highway shows that he first recommends or designates the Pleasant Ridge route as first of importance, the Maxwell route as second and the Nuckols route third or last. His estimate of cost was for the Pleasant Ridge route, in Ohio County, 14.2 miles \$286,000; the Maxwell route, 12 miles, \$268,000; the Nuckols-Heflin route, 11.2 miles, \$298,000 and from Hartford to Butler County line, 14.9 miles \$245,000. If this estimate is anything like correct the road built, and surfaced with metal, 16 feet wide would cost approximately \$531,000.

If we understand the matter, this means that the subscription here-to-for made must be a able.

DR. Z. H. SHULTS DEAD— DEATH SELF-INFILCTED

Dr. Z. H. Shultz, prominent in the medical profession in both Daviess and Ohio Counties, died at his home in Masonville, Monday morning at 10 o'clock, in his office, where he was found by his wife. The cause of his death was carbolic acid, self-administered.

When this country entered the late war Dr. Shultz tendered his services and was accepted into the medical corps, with the rank of Captain, when discharged some three months ago his physical condition was somewhat impaired and while looking after a large practice his health became worse and finally resulted in a nervous breakdown and a severe state of melancholia, which accounts for his untimely end.

Dr. "Zeb" Shultz, as his many friends here usually called him, was born and reared in Ohio county, and came from one of the largest and best known families in this section, he was very generally known and held in high esteem by all who knew him. Before he entered the medical profession he served this county in the capacity of Superintendent of Common Schools.

Descended's remains were brought to the home of his father-in-law, Judge J. P. Sandefur, of this place, where short services were held, after which interment took place at noon Tuesday, in Oakwood. Dr. Shultz is survived by his wife, who was formerly Miss Rachel Sandefur, and a host of other relatives.

SIOUX INDIAN CODE ON TELEPHONE FOOLED HUNS

Decatur, Ill., July 12.—There was one code Fritz never got onto in France. That was the Sioux. Private John Leas, just home from France, tells of it.

"A good many German spies got over into the Allied line," said Leas, who was in charge of a communicating battery and there was some tapping of lines and listening in by German agents who understood English perfectly. We got around that in a clever way. We put Sioux Indians on the telephones to send and receive orders.

"Ump glump hoasha moo chunk" an Indian would repeat over the telephone, meaning bring up a battery of 75's.

"Og gog pom hegan eacho rakok would come the ready answer, which might mean they're starting; will be there in five minutes.

"I don't know how much of a technical war vocabulary those Sioux had, but Fritz never got wise to their lingo."

FRIDAY JULY 18

ANNOUNCEMENTS

We are authorized to announce I. S. Mason a candidate for Representative of Ohio county, subject to the action of the Republican party at the primary election August 2, 1919.

We are authorized to announce George Baker, of Muhlenburg county a candidate for the nomination for State Senator in the 7th Senatorial district, composed of the counties of Muhlenburg, Butler and Ohio, subject to the action of the Republican party at the primary election, August 2, 1919.

We are authorized to announce Dr. T. G. Turner, of Muhlenburg County, as a candidate for the nomination for State Senator in the 7th Senatorial district, composed of Ohio Butler and Muhlenburg counties, subject to the action of the Republican Party at the primary election to be held August 2nd, 1919.

We are authorized to announce Newton Belcher, of Greenville, Muhlenburg County, a candidate for the Republican Nomination for State Senator in the 7th District, composed of Butler, Ohio and Muhlenburg counties, subject to the primary election to be held Saturday, August 2nd, 1919.

We are always pleased to have our friends come in and help us pass a few pleasant moments in these days of unpermitted temperature, but we kindly ask that they KNOCK before coming in.

If this League of Nations don't keep the world out of war any better than Wilson kept the U. S. A. out of war, after his election, it won't amount to much. If adopted, we hope the league will do better.

There seems to be quite a bit of regretful surprise expressed in some democratic quarters that Senator Borah served on the Senatorial committee to welcome the President on his speech-making visit to the U. S. Senate.

If the Grand Jury should indict everybody in Ohio county who fails to perform their proper duty with reference to road working, the Commonwealth would be forced to take a change of venue in order to obtain a jury to try many cases.

If Ohio County keeps up her present system, or rather goes without a system of road working and repairing a few years longer she will not need a Chinese wall to keep out strangers and visitors from neighboring counties, except they sneak in by the old pig and cow paths they will hardly try to cross our borders.

I notice that President Wilson's closest friend, J. Ham Lewis says if the Senate turns down the peace treaty or league of nations, he, Wilson, will be a candidate for president again. Can't help but think that its nothing more than that old time, moth-eaten story of "The big black bear will come and get you if you don't be good."

If the proposed 20 cent road tax carries it means that a person who is worth \$1,000 over and above his exemptions, subject to local taxation, must pay \$2.00 per year for five years, or as you see, a total of \$10.00. Under present arrangements the State and Federal Governments add to this sum \$15.00. You simply pay \$10.00 of the \$25.00 spent on the road through your community. If that sort of an arrangement looks like a good business proposition to you, you

ought to vote and work for it. If it does not look good, you ought to be against it. The man who professes to do anything at all, and fails to receive more than his \$10.00 back for honest services performed while the roads are building, to say nothing of the advantages to the community, ought to move out and turn his property over to some blind institute to look after.

STATEMENTS UNSUPPORTED

It is regrettable that a number of Kentucky newspapers in reporting the incident of the death of Dr. Z. H. Shultz, at Masonville, last Monday, should have gotten their information in such a manner as to lead one to believe that Dr. Shultz took his own life as a result of worry over lack of practice and financial matters, when exactly the opposite was really the case.

Dr. Shultz, as a matter of course, was not a wealthy man, as wealth goes these days, but he was the owner of a considerable amount of farm lands and possessed sufficient of this world's goods to keep him and his most estimable wife in comparative ease during their expected lifetime, to say nothing of his very large and remunerative practice. Dr. Shultz was afflicted with an ailment regarded as absolutely incurable, one almost always resulting in destruction of the patients mental faculties, and of this fact no one was more fully aware than Dr. Shultz. (We have no doubt the presence of this mental undermining at the time of his lamentable death.) We have read the note that the deceased Doctor left, addressed to his wife, and it was indeed most pathetic, and very tender toward Mrs. Shultz. He said it was with exceeding regret that he took the step, but he could not bear to bring into her life the certain misery arising from the fate in store for him. It is more than certain that all of the many papers publishing accounts of the death of Dr. Shultz, were misinformed, or else there would have been no implication that it was due to financial worry.

Lame Shoulder.

This ailment is usually caused by rheumatism of the muscles. All that is needed is absolute rest and a few applications of Chamberlain's Liniment. Try it.

A NEW METHOD OF ENTERTAINING

Miss Ambie Ford entertained her house party with the time honored snipe hunt last Wednesday afternoon. Miss Mary Major Render was given the honor of holding the sack and was instructed in detail as to the proper way to hold it and how to whistle in order to attract the game. The rest of the party beat a retreat by way of an automobile and while Miss Render was out in the hot sun waiting for game that never came, they were joy riding around and laughing up their sleeves at her plight.

But contrary to the old custom they did not leave Miss Render out to come in alone but condescended to go around in about an hour and help her bring in the empty snipe bag. When they found her she was thoroughly disgusted with hunting in general and with snipe hunting in particular.

Miss Render threatens to bring the wrath of the Gods down on the person's head who is so unfortunate as to mention snipe hunting to her, so beware and don't tell her this is in print.

A Coated Tongue? What it Means

A bad breath, coated tongue, bad taste in the mouth, languor and debility are usually signs that

the liver is in trouble. PROF. HENRY MAYER says: "The liver is an organ secondary in importance only to the heart."

We can manufacture poison within our own bodies which are

as deadly as a snake's venom.

The liver acts as a guard over our well-being, sifting out the cinders and ashes from the general circulation.

A blackake in the intestines piles

heavy burden upon the liver. If

the intestines are choked or clogged up, the circulation of the blood

becomes poisoned and the system

becomes loaded with toxic waste,

and we suffer from headache, yellow-coated tongue, bad taste in mouth, nausea, or gas, acid dyspepsia, languor, debility, yellow skin or eyes. At such times one should

take castor oil or a pleasant laxative. Such a one is made of Mayapple, leaves of aloe and jalap, put into ready-to-use form by Doctor

Pierce, nearly fifty years ago, and

sold for 25 cents by all druggists as

Dr. Pierce's Pleasant Pellets.

W. D. Stratton, operating motor vehicle while intoxicated.

W. D. Stratton, carrying concealed a deadly weapon.

W. D. Stratton, drawing deadly weapon on another.

W. D. Stratton, breach of peace.

L. D. Howard, drawing check without funds.

Grand Jury's Report.

Ohio Circuit Court.

July Term 1919.

We, the Grand Jury of Ohio county, in regular session assembled, would respectfully report that we have carefully investigated all matters brought before us for consideration and all matters of which we had such knowledge and information as we felt would justify us in investigating.

We beg to report that we have had

information from different sources

that the roads and bridges are being neglected, many bridges being in very bad repair.

We have also had complain-

that the Fiscal Court has not

published a financial report for the

year 1918 and 1919.

We recommend that the Fiscal Court take immediate action to remedy these matters. We would further recommend that the Fiscal Court adopt some more efficient system of working the roads.

We further recommend if these matters are not attended to that the next Grand Jury fully investigate and find who is responsible.

Having performed our duties as we see them and completed our investigations, do respectfully submit this report.

CAR TURNS TURTLE.

A car driven by Mr. Sam Bennett, of Narrows, in which were Prof. Claud Shultz, Mr. Joe Shultz, Mrs. T. Loyd and Mrs. Daniel, all from Narrows, turned turtle on the Hartford-Owensboro levee last Monday afternoon.

The party were in route to Masonville when the accident occurred.

Mr. Bennett in endeavoring to go

around a mud hole miscalculated the width of the levee, due to the high weeds growing on either side of the road, and the front wheel of the car slipped over the embankment and the momentum of the car threw it over before it could be stopped. Fortunately a telephone pole happened to be in the path of the falling car, and on its first flip the car lodged against the pole, which held the weight of the car off of the occupants.

The party suffered a severe shake-up, otherwise they escaped, uninjured. The windshield and the top of the car were torn away and the fenders were badly smashed but the body was not damaged and they righted the car and continued on their journey.

\$3,000 Verdict Given In Case Of Turner Vs. Heavrin

The celebrated case of Oma L. Turner vs Mary Heavrin, the trial of which was begun Monday in the Circuit Court, was brought to a close Wednesday evening, so far as the evidence and argument were concerned. The case was given to the jury for consideration early yesterday morning, and at near 4 o'clock a verdict for the Plaintiff of \$3,500 was awarded. The verdict was signed by 11 of the 12 jurors.

This has been one of the most bitterly fought actions ever staged in the Ohio Circuit Court, every inch of ground being fought over from start to finish. The following citizens served upon the jury that tried the case: Layton Williams, James Allen, Veachel Westerfield, James Ambrose, J. S. Ford, Herbert Park, A. J. Stewart, L. L. Newcomb, John Shoulters, M. C. McDowell, Cal Stone and Ben Davis.

ELLIS ICE COMPANY MAKES STATEMENT ON PRICES

I have heard some complaint about the quantity of ice that you have been getting. I informed my customers at the beginning of the season that I would sell ice at the same price as last season, eighty cents blocked out or \$1.00 weighed out. I have kept my promise on my own manufacture, but as to car ice I can not weigh it out at one cent per pound. You are all well aware of the fact that I have gone to a very heavy expense since last season in constructing a cold storage. I now have a storage capacity of 125 tons which means a little better than 6 car loads. I thought at the beginning of the season that I had plenty of ice to bridge me over without ordering any cars. Six car loads a season above the capacity of the plant, here-to-fore has supplied all demands. Knowing that I was not going to have enough ice in storage, after I had pulled all the ice from one storage room, I commenced to ordering cars the first of July. When I had at least 80 tons of ice of my own manufacture in storage, I have been carrying this 80 tons to bridge over the promised ice famine in the hot month of August. There was an ice famine last season in the month of August. We are sure to have a repetition this year if this hot weather continues, in fact there is almost a famine now. I can not get a car of ice short of Henderson or Evansville. The last car I got out of Henderson I had to place my order a week before hand. I have been ordering these cars, purely to accommodate the people, and to avoid an ice famine in Hartford, if possible. I have lost money on every car I have ordered this season. Have received 4 cars this season and I know that the 4 cars lost me at least \$200.00 and have received one car out of Evansville that cost me 70 cents per cwt. (\$14.00 per ton) put in the cold storage, not making any estimate of the damage to my tank while placing this car in storage. This damage can only be estimated approximately, even by the best practical ice and cold storage men. It takes at least 3 hours to place a car of ice in storage. Ask any practical ice and cold storage man what the damage is to a 5 ton tank to keep the cold storage doors open, of a storage that will hold at least 100 tons. Then add this to 70 cent ice and see what a refrigerator car costs delivered out of Evansville, not allowing for any shrinkage. Ice shrinks at least 20 per cent in a refrigerator car. In view of this fact how can you expect me to sell ice at a cent per pound? Ice will cost less weighed out of a refrigerator car than a box car. The shrinkage is not near so heavy. As I stated above I have 80 tons of my own ice in storage. I will sell this at 80 cents per 100 pounds blocked out or \$1.00 weighed. I believe that I will need at least 2 or 3 more cars above capacity of plant. I will make this proposition to any responsible man; I will turn all the cars over to him that I will have to have above the capacity of my plant and will give him a bonus of \$10.00 on a car to start with. Will furnish him hooks, picks and wagon free of charge and will furnish delivery boys and mule for just what they cost me, provided he will deliver ice at a cent a pound and take care of my wholesale trade at \$9.00, seven blocks to the ton. I will also promise him that I will not sell a pound of ice from my plant as long as he has any. This proposition will make money over the basis at which I have been putting ice out. I offered a responsible man \$25.00 to take the last car off my hands rather than put it out on the basis I have been putting my own ice.

Now, as to the price of my own ice. Ice was cheaper last year and is now cheaper than ever before in Hartford. Ice was never retailed for less than 50 cents a hundred blocked, (not weighed.) I have been getting 80 cents blocked out. Prior to my management of the plant ice was sold at \$1.00 per block of 300 pounds. I get \$1.50 for the same size block. You see I have only advanced 30 cents on the hundred and 50 cents on the block of 300 pounds. I will sell any one a block of ice on my platform for \$1.50. This is as cheap as you can get a block of ice anywhere. I will ask you these questions: "What was Owensboro getting at retail for ice prior to the war? What was Louisville, Evansville, Chicago, or any of the large cities? They were getting 25 cents per hundred. They are all getting double that sum now, 50 cents. Chicago is even getting 60 cents. None of these plants are of less than 40 ton capacity. Aside from Owensboro I presume that they are about 100 ton plants. Some one will say, "Why can't you sell ice as cheap as Owensboro or these other cities?" It costs me at least 100 per cent more to produce a ton of ice on a 5-ton plant than it does in a 40-ton plant. I have not doubled prices, they have. Small plants can not compete with large plants to illustrate to you the difference between

We want to buy Cream, can pay you one-third more on the pound for Cream than you have been getting for butter and you get out of the hard work of churning. We have two receiving days in a week for Cream, every Tuesday and Friday, bring it either one of these days of each week. Some people don't understand how to handle Cream, they think it must be sweet before we will take it. Forget that, it does not hurt it one bit to sour. Call our place of business over 'phone or in person and our manager will explain to you how you can make money with less work.

a small plant and a large one, a bridge across the C. R. Rhoads public ditch on the public road near A. P. Kelly's in the vicinity of Deanfield, Ohio County, Ky., each make in the neighborhood of 3000 barrels of flour per day. When they are selling flour at 25 cents net profit per bbl., the 50 obi mill loses money selling flour at the same price, providing they pay the same for the wheat.

I make the above explanation that you may be more familiar with the ice situation and that you also may know that I have made a sacrifice, financially, in order to keep the people in ice. I would have realized a great deal more if I had have exhausted my supply before I ordered a single car. But I thought best to order ice while I could get it. I doubt very much whether I can buy any ice in August. I hoped to have enough of my own ice to supply the demand in Hartford and vicinity but I think now that I will not. I trust that this explanation may convince you that I have done a better part by my customers than you really expected of me.

If I am compelled to order any more cars and weigh ice to customers I will have to charge more money. I can't tell just now what the price will be, as the price of ice is advancing everywhere. Not only is ice advancing but freight rates are almost prohibitory. Ask your R. R. Agent what the rate is on a refrigerator car from Evansville or Henderson to Hartford. If you will carefully weigh the above statements, all of which are true, I feel certain that you will agree that I have been, and am now, treating you fair and right.

To Buy At Loom-End Prices, You Must PAY CASH For Your Purchases. Merchandise Charged, Will Be At Regular Prices.

Again we summon you to our semi-annual bargain feast. According to merchandise conditions, and the big advances already recorded on all kinds and grades of merchandise, the money saving possibilities on merchandise at to-day's regular prices, can easily be calculated. The manufacturer's prices are from 20 to 50 percent higher than they were sixty days ago.

PEACE AND LEAGUE OF NATIONS TERMS

have been signed by Germany and practically all the leading nations of the world. The soldiers of all warring nations must turn from war to the peaceful pursuits of life. These millions of soldiers must have clothes, civilian clothes and working clothes. The millions of the civilian population of France, England, Russia, Italy, Belgium, South America, Germany, and all other countries must be clothed and fed. The supply of all these countries is very limited, and many of the warring nations have practically nothing. Every one of them is looking to the United States for the things they haven't. Many of them have buyers in this country, with millions of dollars to spend for our merchandise, and the rest will be here as soon as they can establish satisfactory credit in this country. All of these buyers scrambling for merchandise and no surplus stock on hand, you can readily see that prices are bound to go skyward on everything that's to wear. One or two years of very high prices seems evident.

The savings on our merchandise at to-day's regular prices, will be enormous. In the face of all this, we have assembled thousands of yards of Loom-End Calicoes, Percals, Cheviots, Ginghams, Longhams, Fancy Skirtings, Silks, Cretons and every odd thing and short length from every department, making the price much below the cost of production. Buy for your present and future needs. You will make money if you buy things for next summer. Remember the date. Be on hand the first day, and every day thereafter. Carefully consider everything with red tickets on it. Buy what you can use. We won't have enough to give everybody as much as they want.

**TWO OUT OF THREE
FOR BEAVER DAM**

Saturday, July 12 Drakesboro visited Beaver Dam with as clean and fast an aggregation of ball players as has been to our town, and beat us to the tune of 8 to 4. However, Drakesboro had to do 9 innings of real labor to carry the game home, Beaver Dam's fielding was of pretty poor class for Monroe pitched one of his best games and only allowed the visitors 7 hits while Drakesboro was touched for 11 hits.

Sunday, Beaver Dam journeyed forth to the fields of Millwood and beat everything there, beat each other to the dining table, eating, and playing ball.

Everybody likes a good meal but Halley Monroe likes his apple preserves the best and Glenden Stevens carried three pulley bones home with him, Hayward Pirtle caught ice cream like it was a 1 to nothing game while Cisell picked chicken bones like he might have been picking grounders on first. Reed, as usual, showed some class when regular home-made cake made its appearance, also disappearance there; Noble Taylor alias Dave Roger cleaned his plate as well as the bases and as for the rest of the bunch that went along, well, I am afraid they will never be able to look human beings in the face again when food is spoken of.

All of this happened at Millwood and the game was played in the evening, our boys put it over to the tune of 15 to 11.

Now comes the last but by no means the least one of the three games. We journeyed to Grayson on No 22, and stacked up against a picked team from most all over the country. A pitcher from Brownsville, a catcher from Cecilia also a shortstop, second and third baseman from Millwood, an outfielder from Leitchfield, and two home boys.

Well, if we had been gamblers of money we would have left lots of them wondering where breakfast was coming from for we walked their frame for the old ball game to the tune of 5 to 4 and I can truthfully say that I have never seen 18 men work any harder for any big game.

As to pitching, it was a pitchers battle from the start and our Glendon walked in the box and had that picked team swinging at the air like they were a bunch of toys wound up.

Stevens allowed two hits and struck out 13 men on the thirteenth day of the month while his opponent allowed five hits and struck out 5 men.

Everybody played air tight ball and several of the boys told me that some one around there paid the expenses of four of our bys, seems like Grayson liked our bunch pretty well, doesn't it?

Any team that happens to read this and think that they would like to take a few healthy swings at Stevens, Monroe or Cisell's first ball, let us know and we will try to accomodate everybody.

Always bears the Signature of

John H. Fletcher

Is-sur-Tille, France.

June 2, 1919.

To the Friends and Relatives of Jesse W. Crowe.

Dear Friends:—It is with deepest sympathy that I wish to tell you of the ceremony which took place on the 30th of May, in the little cemetery near Is-sur-Tille, France, where Jesse W. Crowe is buried with his comrades, in the A. E. F.

The services were attended by soldiers of Camp Williams and the women workers of the camp, "Nearer My God To Thee" and "America" were sung. The firing squad saluted the memories of their comrades and their taps sounded.

The most impressive feature of the occasion was the laying of flowers on the grave of each boy who had given his life for his country. This was done by the women of the Red Cross, the Y. M. C. A. and the Jewish Welfare Board.

The flowers had been given by the French people, who had liberally stripped their little gardens in appreciation of what these boys had done in France.

I will always consider it one of the greatest privileges of my life to have

been present at this Memorable Decoration Day Celebration, and to have been the representative of the nearest relative of Jesse W. Crowe, whose grave lies on the field of honor, in France.

Most Sincerely,
RUTH ADA KIMBALL,
Rep., American Red Cross.

**ARMY IS PROUD OF ITS
RESERVE CORPS**

Washington, July 12.—Army officers point to the new officers' reserve corps as one of the big assets obtained from the war.

The new corps now numbers more than 45,000 members, sufficient on the basis of one officer to twenty men to furnish the commissioned personnel for an army of 900,000. Officers in the higher grades include 68 colonels, 196 lieutenant colonels and 2,298 majors.

There are on file 24,817 applications for appointment as officers in the regular army.

SURGEONS agree that in cases of cuts, burns, bruises and wounds, the first treatment is most important. When an effective antiseptic is applied promptly, there is no danger of infection and the wound begins to heal at once. For use on man or beast, Borozone is the ideal antiseptic and healing agent. Buy it now and be ready for an emergency. Price 25c, 50c, \$1.00 and \$1.50. Sold by Ohio County Drug Co.

**SOLDIER RECOVERS SPEECH
RESULT OF SUDDEN PINCH**

London, June 25.—A. E. Pearson, of Stratford, was struck dumb in action at Vimy Ridge in March, 1918.

At a Liverpool hospital he underwent special treatment, but it was of no avail, and for fourteen months he had remained speechless.

A few days ago it is his mother by chance pinched him very hard. In the most natural way he cried out: "Oh don't!"

From that time his speech has come back to him, altho at present talking causes him some little pain.

When you feel lazy, out of sorts and yawn a good deal in the daytime you can charge it to a torpid liver which has allowed the system to get full of impurities. HERBINE cures all disorders produced by an inactive liver. It strengthens that organ, cleanses the bowels and puts the system in good healthy condition. Price 50c. Sold by Ohio County Drug Company.

Present styles lower the standard of morals and are not conducive to health, is the attitude adopted by those in session.

Plans for the campaign of education were formulated and the workers are urging women to dress "more reasonably."

TWENTY SMALL BOTTLES**

Portland, Me., July 12.—Evaders of the bone-dry law have adopted a new device with which to smuggle liquor into this state. Huge dolls, such as are given as prizes at country fairs and shore resorts and canisters to represent sleeping infants, have been pressed into service.

Two of them, which it is estimated will hold twenty small bottles of whisky each, were brought to this city by two men, one attired as a woman and the other posing as the "husband," and not long after their arrival the liquor was being sold to men on the streets.

CALLED HER FAMILY TO HER BEDSIDE

Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now She Is a Well, Strong Woman and Praises Cardui For Her Recovery.

ROYSE CITY, Tex.—Mrs. Mary Killman, of this place, says: "After the birth of my little girl...my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me...but I got no better. I got worse and worse until the misery was unbearable...I was in bed for three months and suffered such agony that I was just drawn up in a knot..."

I told my husband if he would get me a bottle of Cardui I would try it...

I commenced taking it, however, that evening I called my family about me... for I knew I could not last

many days unless I had a change for

the better. That was six years ago

and I am still here and am a well,

strong woman, and I owe my life to

Cardui. I had only taken half the

bottle when I began to feel better.

The misery in my side got less... I

continued right on taking the Cardui

until I had taken three bottles and I

did not need any more for I was well

and never felt better in my life... I

have never had any trouble from that

A FEW OF THE OLD BLUE LAWS

It is rather interesting just at this time to look at some of the prohibitory laws that were in force in this country during the colonial days. The people of New Haven, prior to their incorporation with the Saybrook and Hartford colonies, were subject to

the following:

"No Quaker or disenter from the established worship of the dominion shall be allowed to give vote for the election of magistrates, or any officer

"No food or lodging shall be af-

fording to a Quaker or other heretic.

"No one shall run on the sabbath day, or walk in his garden, or elsewhere, except reverently to and from meeting.

"No one shall travel, cook viands, make beds, sweep house, cut hair or shave on the sabbath day.

ORDER FOR 20 CENT ROAD TAX ELECTION

State of Kentucky, Ohio County Fiscal Court June 26th, 1919

It appearing that Ohio county has not sufficient amount of money for road purposes and that the present system of road working by road hands is inadequate and unsuitable for the working and up keep of the roads of Ohio county, and having been called upon by the State Commissioner of public Roads of Kentucky, as well as by a large number of citizens of Ohio county by petition for a better and more adequate system of the working and upkeep of the country roads of Ohio county, and being desirous of meeting this demand in the best and most practicable way, and it further appearing that a special election upon the question of a 20c road tax may be held at a primary election at but very small expense in addition to the expense otherwise required, and made necessary by holding of a primary election for its general purposes, it is now, on motion of Esq. B. F. Rice, ordered and adjudged by the court that a special election be held throughout Ohio County and in each and all the precincts therein on August 2, 1919, for the purpose of submitting the question of voting a tax of 20c on the \$100.00 on all property subject by law to local taxation for the improvement or construction of the public roads and bridges of the county, either or both. Said amount of tax shall be 20c on the hundred dollars each year for a period of five years and no amount of money in excess of the amount that can be raised by the levy in one year shall be expended in that year, and all indebtedness created in any one year for such road and bridge purposes shall be paid out of the fund raised in that year. Said tax to be an ad valorum tax to be levied each year and collected by the sheriff at the same time and in the

same manner and by the same process that he collects other taxes and for the collection of the tax levied hereunder the sheriff shall be entitled to and allowed a commission of 1 per cent of the amount so collected and no more, as provided in section 1207-B4 of Kentucky Statutes, Vol. 3.

The question of voting said tax of 20c ad valorum on the hundred dollars worth of property subject by law to local taxation, shall be submitted to the voters in the following language and not otherwise:

"Are you for a property tax of twenty cents on each one hundred dollars worth of property in the county, to be levied each year for five years, for the purpose of improving or constructing, either or both, the roads and bridges of the county?"

S. A. Bratcher, sheriff of Ohio county, Ky., is hereby appointed, ordered, and directed to hold said election, and he shall cause a poll to be opened in each and all of the precincts throughout Ohio county, on the above named date as the law in such cases directs and he will first advertise said election by having a certified copy of this order published in a weekly newspaper published and having the largest circulation in Ohio county, for at least thirty days before the date of said election, and W. C. Blenkenship, Clerk of this court, is ordered and directed to immediately furnish the sheriff aforesaid a certified copy of this order for the purpose of said advertising.

Said sheriff and said clerk are further ordered and directed to do and to perform each and everything required under the laws of the Commonwealth of Kentucky in advertising and conducting said election, and in preparing and preserving the ballots and canvassing and certifying the vote, and said election is directed to be held in all respects as required by law governing such elections, and under the general election laws of this commonwealth now in force which relate and apply to such

elections.

It is resolved and so ordered that the money derived from the taxes so levied and collected shall be used, expended and applied in each and several of the respective magisterial districts of the county where said taxes are so levied and collected, so that each of said districts shall receive all and in full the taxes so levied and collected therein. Persons carefully selected for their competency and put under bond for the fair and faithful performance of their duties will be employed in each district to see after the work therein, and said taxes shall be for the exclusive working and upkeep of the public roads and the bridges and culverts thereon of said respective districts, and shall be so apportioned, used, and applied as to change the system of road working in Ohio county if in the road hand system now in existence to a system of working said roads by the use of proper and improved, adequate and sufficient road machinery, by teams, graders, scrapers, ditchers, drags, dynamite, drills, and other road appliances, adaptable and suitable for both hills and lowlands, so that each and all sections of road whether hill or lowland shall have the attention necessary and suitable for its proper upkeep and convenient use for the several communities affected and for the general traveling public but the purchase of such machinery, implements and tools shall be made in no event out of the funds derived from the 20c road tax, but exclusively from the funds derived from taxes regularly levied and collected each year as already provided by law, and the men now subject to duties as road hands throughout the county shall be released from such duty.

The amount of said tax shall not exceed the said rate of 20c on the hundred dollars as aforesaid, nor be levied or collected for a longer period than five years. As it is not within our power to levy or have collected any poll tax additional to that already levied and collected, nor to submit the question of voting an additional

poll tax, hence the election ordered is for the purpose of levying and collecting a tax on property only. Ayes and Nays being called for resulted as follows: B. F. Rice, Yes; Q. B. Brown, Yes; W. S. Dean, Yes; W. C. Daugherty, Yes; B. C. Rhoads, Yes; G. W. Rowe, No; Sam L. Stevens, Absent; Ed Shown, Yes. Whereupon the motion was declared carried and so ordered.

MACK COOK, J. O. C. C. Commonwealth Of Kentucky Ohio County Court

I, W. C. Blenkenship, Clerk of the Ohio County and Fiscal Courts, do certify that the foregoing embracing three pages besides this one, is a true and correct copy of the order made, calling an election for the purpose of taking the sense of the legal voters of Ohio County, Kentucky, upon the question of levying a 20c road tax, for a period of five years, made by the Ohio County Fiscal Court at its special June Term, 1919, which order appears of record in Fiscal Court Order Book, No. 4, on pages 11 to 13 inclusive.

Witness my hand as Clerk aforesaid, this 26th day of June, 1919.

W. C. BLANKENSHIP, Clerk Ohio County Court.

PURSUANT TO THE FOREGOING ORDER, AND BY VIRTUE OF THE POWER VESTED IN ME AS SHERIFF OF OHIO COUNTY, KENTUCKY, I HEREBY CAUSE THE AFORESAID ORDER TO BE PUBLISHED AS REQUIRED BY LAW, AND FURTHER DIRECT AND SHALL CAUSE THE VARIOUS OFFICERS WHOSE DUTY IT IS, TO OPEN A POLL IN EACH OF THE VOTING PLACES WITHIN THE COUNTY OF OHIO ON SATURDAY, AUGUST THE 2ND, 1919, TO TAKE THE SENSE OF THE QUALIFIED VOTE OUT IN THE ABOVE AND FOREGOING MENTIONED ORDER.

WITNESS MY HAND, THIS THE 26TH, DAY OF JUNE, A. D. 1919.

S. A. BRATCHER, Sheriff, Ohio County.

MASTER COMMISSIONER'S SALE

Ohio Circuit Court
S. L. St. Clair, et al., Plaintiffs
Vs.—Notice of Sale.

Barbara Lunsford, et al., Defendants.
By virtue of a judgment and order of sale of the Ohio Circuit Court entered at its May term, 1919, in the above styled action, directing me to sell the hereinafter described property, for the purpose of paying the indebtedness against the estate of J. C. Lunsford, deceased, and during the balance of the proceeds, if any, among the widow and children of the said J. C. Lunsford, I will offer for sale at public outcry to the highest and best bidder at the Court House door in Hartford, Ky., on Monday, August 4, 1919, at being regular county court day at one o'clock P. M., upon a credit of six and twelve months, the following described property, to-wit:

A tract or parcel of land lying and being in Ohio County, Kentucky, on the waters of Caney Creek, and bounded as follows:

Beginning at a stone in the North boundary line of J. T. Ford's land; thence running N. 66 E. 51 1/2 poles to a stone; thence N. 42 E. 60 poles to a stone; thence S. 72 E. 51 1/2 poles to a stone; thence N. 31 poles to a sassafras and dogwood, thence N. 67 W. 38 poles to two red oaks and chestnut on a branch; thence up said branch 96 poles to a hickory at the junction of another branch; thence up the lefthand branch S. 27 W. 38 poles to a stone on said branch, thence with said branch S. 4 E. 42 poles to the beginning, containing 44 acres, more or less.

The purchaser will be required to execute bonds immediately after sale to be approved by the commissioner payable in two equal installments bearing interest at 6 per cent, to have the force and effect of a judgment, and a lien will be retained as additional security on the land herein sold.

Given under my hand as commissioner aforesaid, this the 14th day of July, 1919.

OTTO C. MARTIN, Commissioner.
